

YOUICHI UEHARA

W E B D E V E L O P E R

SUMMARY / ABOUT ME

Passionate Full-Stack Web Developer with experience in building dynamic web applications using modern technologies. Strong problem-solving skills, eager to collaborate, and continuously improving through hands-on projects. Proficient in both front-end and back-end development, with a focus on creating responsive, user-friendly applications.

PROJECTS & EXPERIENCE

WEDLY WEDDING PLANNER

2025

Capstone Group Project

Designed and developed the front-end UI and layout for the task management page using React and Tailwind CSS, creating a responsive and visually appealing interface. Implemented drag-and-drop functionality for tasks using @dnd-kit, enhancing user interaction, and provided minor support for Node.js API integration.

React.js | Node.js | Express.js | MongoDB | Tailwind CSS

YOUR OWN DRINK (Y'OWN DRINK)

2025

Personal Project

Designed and developed a full-stack drink recipe app that lets users add, search and manage their own drink recipes. Built a responsive UI using React and Tailwind; connected it to a custom Node.js + MongoDB backend to support full CRUD operations via RESTful APIs.

React.js | Node.js | Express.js | MongoDB | Tailwind CSS

WHERIFY

2025

Personal Project

Created a lightweight image analysis app that uses Gemini AI to identify locations from uploaded photos. Built independently with vanilla JavaScript and integrated AI API for intelligent feedback and UI updates.

HTML | CSS | Vanilla Javascript
